

Website improvements are LIVE!

We've been listening to your feedback and have been working hard to incorporate some improvements to our website that will make it clearer, more informative and easier for you to use!

Take a look at the recent upgrades:

- Faster shopping with LISTS and Quick Order Pads
- Improved mobile-friendly checkout pages
- Easier switching between delivery or will call, even after your cart is built
- Inventory checks when switching branches
- Location preference saved
- And more!

Pickup or Delivery?

We've implemented a change that requires you to select a will call location for order pick up or select delivery before you can add items to your cart.

Pick a Shopping Location.

For Will Call orders:

Enter Address or Zip Code:

Submit

[Click here for Delivery](#)

If you see "Add to Cart" greyed out, you will need to select the "location" icon at the top of the screen and either:

- Enter you zip code for pick up, or
- Click the delivery button

If you select delivery, you will be asked to select a “ship-to” address from the list of addresses associated with your account to ensure you are shopping for the location delivering your order. Also added is a session history feature that will automatically select the branch you have ordered from in your prior online shopping session. If you shop from multiple branches, be sure to check your shopping location before you get started.

The screenshot shows a web application interface. At the top, there is a dark blue navigation bar with a diamond-plate texture. On the right side of this bar, there are three buttons: "Logout", "My Account", and "Please Select" (which is circled in red). To the right of the "Please Select" button is a shopping cart icon with the number "1". Below the navigation bar, there is a white search bar with a red magnifying glass icon and a "Quick Order Pad" button. The main content area is light gray and displays the following information:

- Price: \$25.80/EA
- Quantity:
- [See Availability at all stores](#)
- Add to Cart** (button circled in red)
- If the 'Add to Cart' option is not clickable, select a pickup or delivery option.***
-

Shopping Cart & Checkout Upgrades

- You can now change your pickup/delivery location after items have been added to your cart and the product availability will be updated automatically and sourced from the new location. If the updated location does not have enough inventory to fill your order, you'll be notified.
- Pages in the checkout process have been redesigned to be mobile-friendly.
- The newly redesigned Order Summary page gives you a final opportunity to review your order including items and quantity ordered, pickup/delivery method and payment method before submitting your order.

Billing Information

Payment Method:	PO Number:
* Pay by Purchase Order ▼	* 1234

Faster Shopping with these friendly features:

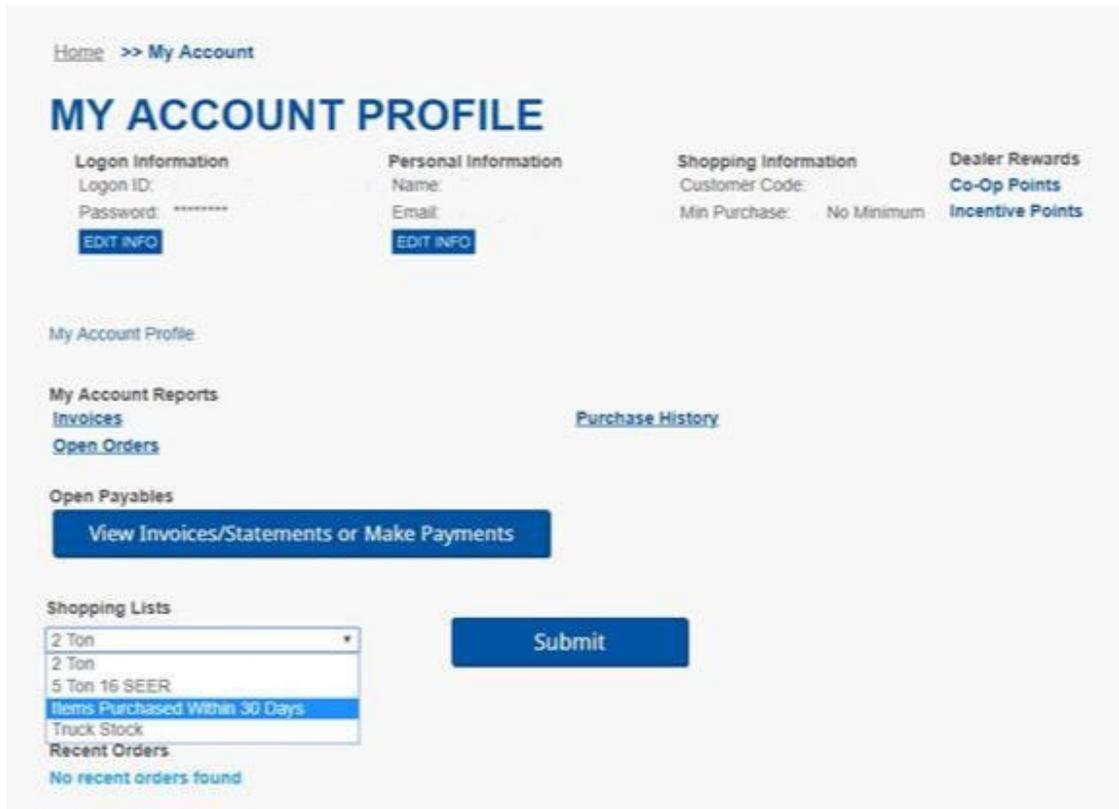

- You can quickly add multiple items to your cart using the Quick Order pad. The Item field in the Quick Order Pad will allow you to search by item id, description, and manufacturer part number.
- Build a list! Do you have a system you order often, or perhaps a truck stock list you want to keep handy? You can create item lists and access them under the “My Account” page and quickly load the list to your shopping cart.

Use our easy pre-built list called **Items purchased in the last 30 days** to add individual items, or the entire list to your cart in just a few clicks! You can also copy this list or use it to create new lists.

The screenshot displays the 'Quick Order Pad' interface. At the top, there is a blue header with the title 'Quick Order Pad' and navigation buttons for 'Login', 'Register', 'Please Select' (with a location pin icon), and a shopping cart icon. Below the header is a search bar with a 'Search' button and a 'Quick Order Pad' button. The main area contains a grid of 15 rows, each representing an item to be added to the cart. Each row has a numbered label (1) through (15) on the left, followed by an 'Item Part Number' input field and a 'Qty' input field. A small watermark '© Rectangular Ship' is visible in the middle of the grid. At the bottom of the grid, there is an 'Expand' button and a note: 'Will open new page and remove current QOP selections'.

	Item Part Number	Qty:	Item Part Number	Qty:	Item Part Number	Qty:
1)	<input type="text"/>	<input type="text"/>	6)	<input type="text"/>	11)	<input type="text"/>
2)	<input type="text"/>	<input type="text"/>	7)	<input type="text"/>	12)	<input type="text"/>
3)	<input type="text"/>	<input type="text"/>	8)	<input type="text"/>	13)	<input type="text"/>
4)	<input type="text"/>	<input type="text"/>	9)	<input type="text"/>	14)	<input type="text"/>
5)	<input type="text"/>	<input type="text"/>	10)	<input type="text"/>	15)	<input type="text"/>

Expand Will open new page and remove current QOP selections

We hope you like the changes that have been made, we'll continue to find opportunities to make your online experience with Century the best it can be! We always welcome your feedback and suggestions, please feel free to submit them to marketing@centuryac.com.

Not registered for online access?

You'll just need to follow a few easy steps to get registered:

1. [Click here](#) or visit www.CenturyAC.com and click Register at the top of the page.
2. Fill out the form using your Century account information. Your account number, found on statements and invoices is required, so be sure to have it handy or ask your sales rep for the number. Hit submit and you're done.
