### QuickBlast - QB1

Condensate isolation and blow out valve. Simply turn the valve 90 degrees to isolate, provide pressurized nitrogen or CO2 upstream, then downstream, and open the valve back up. Line is clear and clogs are history

### ESP Stat Guards

Mini, Small, Medium, and Large available in clear, steel, or stainless steel.

### Jumper 6 Pack - JUMP6

9" jumpers perfect for relays, capacitors, or anything else. 14 gauge, factory crimped, and high heat rating on wire

### Collapsible Trash Bag

40 gallon capacity. Heavy duty. Collapses to take up minimal truck space when not in use.

### Superior Smoke Emitters

We carry 1A, 2B, and 3C smoke emitters. Order in intervals of 12.

### High Pressure Control Hose - HPCH-XX

UL Rated to 1000 psi working, 5000 psi burst. These pressure control hose come in various lengths - 12", 18", 24", and 36". POE, Alkylbenzene, and Mineral Oil approved. Avoid common issues caused by vibration on pressure connections

### Propane Charging Hoses - SHOSE-XX

These charging hoses are rated for propane, and because of their small diameter, there is minimal charge loss in the hose. Great for any crytically charged HFC or HCFC system as well

### Absorbent Pads, 25 pack - ABSP25

A 25 pack of absorbent pads in a resealable container. Great for cleaning up oil or any other liquid

### Square air switch tubing - SQAST-(SIL)-5

5' of 3/16", no-kink square neoprene or silicone air switch tubing. -40 to +300 F temp rating (neoprene) -100 to + 500 F temp rating (silicone)

### Air Switch Tubing Repair Kit

Replace corroded tubing without replacing the entire tube. Contains 2 each of the following: 3" square silicone, 3" square neoprene, double barb fitting

### Board Removal Tool - BRT10

This dual sided tool compresses the two most common sizes of standoffs in the industry. Precision designed and drilled for perfect compression every time
