

WIRELESS REFRIGERANT SCALE

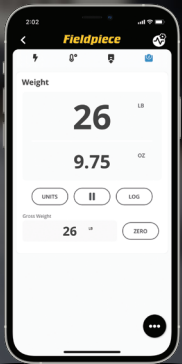

Tough enough to handle the heaviest tanks in the industry

The Fieldpiece SR47 Wireless Refrigerant Scale is built for your charging and recovery needs. The scale has a wide platform for large refrigerant tanks, a wireless remote and wirelessly connects to the Job Link® System App. The SR47 has industry-leading battery life, wireless range and accuracy, and features unmatched reliability and convenience.

Wireless Refrigerant Scale, SR47

- 13" platform to fit larger tanks and integrated bumpers for increased durability
- Strong enough to hold a maximum load of 252 lbs
- Wireless remote control with LED backlight makes viewing data easy, and stores in the bottom of the scale
- Industry-leading accuracy: $\pm 0.03\%$ rdg + 0.25 oz
- Rugged and lightweight at ~7lbs
- Water resistant for any jobsite
- Connects to Digital Manifolds SM480V & SM380V and the Job Link® System App with 1000' wireless range
- Platform battery lasts 200+ hours
- A2L refrigerant compatible

Wireless Refrigerant Scale, SR47 Specifications

Maximum Load	252 lbs (114kg)
Platform Dimensions	13 in x 13 in
Accuracy	±0.03% rdg + 0.25 oz
Weight (includes platform, remote and case)	~7 lbs
Best Resolution and Units	lb oz (0.25 oz) kg g (10 g)
Power Source	9v (remote display) 6 x AA (platform)
Battery Life	Remote display: 80 hours typical alkaline (without backlight) Platform: 200 hours typical alkaline
Wireless Range	1000 feet (305 meters) line of sight from remote and mobile app
Remote Display	(1.88 in.) Blue LED light display for dark conditions
Water Resistant Rating	Remote - IP64, Platform – IP54
What's in the Box	Scale platform, wireless remote, batteries, carrying case
