COIL CLEANERS CONT'D

MasterCare® Pro-Red Plus™

MasterCare® Pro-Red Plus™ is a fast acting cleaning solution for condensers, microchannels, and mini-splits that foams and lifts away stubborn deposits including tarnish and corrosion. Its corrosion inhibitors protect even sensitive metals like aluminum and copper. Its non-acid formula is as effective as conventional acid cleaners without the use of hydrofluoric acid. The vigorous foaming action eliminates the need for prolonged soaking, steam cleaning or scrubbing coils and without emitting corrosive fumes or rusting ferrous metals. Pro-Red Plus™ is biodegradable, NSF approved, and available in a number of convenient packaging solutions.
